

how to add a video from youtube

Послан Marvinsawl - 07.05.2014 10:47

Hello!

Administrators, please tell me how to add a video from youtube to a post?

Thanks!

Hello if you want to add video from YouTube follow this instructions:

just pase video url to the message like this without any tags

https://www.youtube.com/watch?v=zA_19bHxEYg

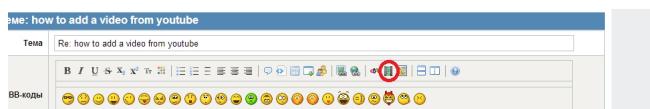

so, thats all 😊
If it will not help try to paste url with a new line and begin new line

see image below

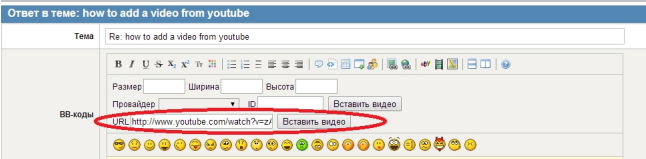

1) copy link to the video, like this https://www.youtube.com/watch?v=zA_19bHxEYg

2) click to the button video

3)Then paste video url to the marked field and remove "s" from https like as image below

=====
